

Power Hours with AG

Running a small or growing business means constantly juggling decisions across impact, people, culture, communications, governance and growth – often without the specialist support, time or headspace to work things through properly. Power Hours with AG gives you an affordable way to get confidential senior expertise exactly when you need it – without the cost or commitment of a full consulting project.

What they provide

- A single **one-hour session** for immediate clarity on a live challenge for £178.00
- A **three-hour bundle**, pre-paid and used monthly (i.e. 1 hour a month) for an ongoing thinking partnership for £500.00
- The option to choose from three of AG's senior leaders for mentors – Lynne (Founder and CEO), Lucy (Communications Director) and Debbie (Impact Director)
- When choosing the three-hour bundle, you'll have flexibility to switch your mentor at any time, to align with the challenge you are seeking support for

AG Impact offers a space to work through high-stakes, emotionally heavy or time sensitive moments, for those carrying too much, too fast. [Book here](#)
